NO MORE WARS!

Bring your children with you – to teach them about real democracy in action! If you can, bring blue balloons
as the symbol of peace. Make signs saying, “No more wars!” or “America wants peace!” or “Enough of the lies!”
or anything that you deem appropriate for this occasion. Make signs depicting the yellow magnet ribbon:
“We support our troops, we don’t support this war!”

You can support peace even if you cannot join us! These are some things others are doing.
Choose one, or start something new, if you want a free and ethical America again!

- Paint “No war!” on a fence, sidewalk, road or lawn.
- Fly a blue balloon – the symbol of peace.
- Wave, cheer or honk to the rally participants when you see them.
- Make a bright sign “No war!” and place it in your window or in the rear window of your car!
- If you have a magnetic yellow ribbon, modify it to say, “I support no wars!”

Let our voices be heard from the Pacific Ocean to the White House in Washington, D.C.

And if you do support the war, you are invited to display a sign “ I support the war!”. Let’s see who is in majority.

Let’s restore democracy in America!!!
