

Stop Federal FERC Process on Kauai

I am a KIUC Cooperative member. Under Article II, Sections 2 and 6, I am hereby petitioning the KIUC Board to have the Action of Tuesday, March 29, to engage the mainland company, Free Flow Power, to secure rights to develop several hydroelectric projects under FERC, be submitted to the Members for approval. Furthermore, I am requesting a Special Meeting be held to discuss this Action. I request that this Special Meeting be held during non-business hours so that Members may attend.
