## POLICE CHASE MASKED BANDITS

Masked bandits, a hold up at the point of a revolver, an automobile chase police with shot guns and the final capture of the bandits. It sounds like a mail robbery in New York City or else a movie scenario but it is neither—it is an actual occurrence on Kauai.

Tuesday evening, the two masked bandits held up the paying off of a tannemushi in Hanalei about 10 o'clock. They lined up the Japanese who were taking part and took the proceeds. After telling the Japanese to remain quiet, they dashed for an auto that was waiting outside the house. The machine started toward Kapaa and the Japanese hurried and informed Deputy Sheriff Werner of the hold-up. The lights of the car could be seen on the hill climbing out of the valley.

Sheriff Werner telephoned Deputy Sheriff Hano at Kapaa and he immediately called his men and started to meet the car. The first two men had just got as far as the old chimney on the Kapaa flat when they saw a car coming toward them at a rapid rate of speed. They ordered it to halt, but it dashed right by them without slackening up. Officers Kaku and Lono were about a quarter of a mile behind the first two officers. They also ordered the car to stop and when it showed no signs of doing so, opened fire upon it. Lono had a shotgun and Kaku a revolver. They chased the car and in going through Kapaa mistook the car of Lester Alexander for the bandits. They overtook Alexander and he told them that the car had turned mauka at the Kapaa post office. The police then started mauka and met a car of the same make that was used by the bandits and asked the driver if he had passed a car. He said that he had passed a car with out any lights going mauka at a very fast rate. The police commanded his car and scoured all over Kapaa homesteads but could not find a trace of the bandits or their car.

Finally near daybreak the police returned to Kapaa and Sheriff Hano had become suspicious of the actions of the driver of the commandeered car and decided to investigate. He found one side of the car riddled with shot from Lono's gun. He placed the driver under arrest and the boy broke down and confessed, implicating a number of Filipinos.

The police got busy and before long had rounded up the whole gang. William Opiu was the driver of the car and he will be the principal witness for the prosecution at the trial.

The Filipinos arrested and committed to the circuit court for trial are Mariano Milan, Rofino Maxim, Casamiro Aragono, Francisco Filipe.

## TEACHER HURT WHEN CAR SKIDS

Miss Inez Sandusky, a teacher in the Eleale school was painfully injured when the car in which she was riding skidded and went over the bank last Tuesday afternoon. The accident occurred at the foot of the Wahiawa hill.

Miss Sandusky, in the company of Miss Leveridge and Miss Kelly, also teachers in the Eleale school, were returning from a ride to Kalaheo, being driven by Mrs. Watase. The road was very slippery, due to a rain that was falling at the time. As the car neared the turn at the foot of the hill it started to skid and got out of control. It finally slid off the road and turned over, landing in the bottom of the gulch. All the other passengers were thrown clear except Miss Sandusky who was pinned under the car. She was removed from her precarious position and taken to her home, where it was found that she was suffering from very painful bruises, but no bones were broken.

That the accident did not result more seriously is only a miracle, as the car fell considerable distance to the stony bottom of the gulch.

Mrs. G. W. Kirkaldy and daughter, Miss N. Kirkaldy, are visiting Mr. and Mrs. C. J. Brenham of Port Allen during the holidays.

## Kapaa Notes

George S. Raymond, principal of Kapaa school, departed last week for Maui via Honolulu to spend the holidays with Mrs. Raymond, who is at her parents' home at Waiakoa, Maui.

Ezo Maeda, field luna with the Hawaiian Canneries since 1913, is leaving today for Japan to visit his former home. He expects to return to Hawaii in June.

The Misses Schuchholz, Murphy and Irwin, teachers at the Kapaa school took passage on the Claudine last week for Honolulu, from whence they will pay a visit to Madame Pele at Kilauea before returning for the next school term.

Miss Alice Wong and Miss Ella Asing, also members of the faculty of Kapaa school, were so anxious to spend an extra day in Honolulu that they braved all the terrors of the deep and boarded the Likelike last Friday for Honolulu instead of waiting for the Claudine on Saturday.

Manuel R. Aguilar Jr., homesteader, returned from a trip to Hawaii last week, but is still a member in good standing of the bachelors' club. His activities, however, will shortly be curtailed, as the engagement of Miss Ignacio of Papeete to Mr. Aguilar has already been announced.

Vincent Rodriguez, son of Joe Rodriguez, is back to spend the holidays with his parents. He is a student at St. Louis.

Due to the lack of patrons, Antone Fernandez, local movie magnate, has cut down his shows from six to five showings a week. We don't blame him, either, as capacity houses seem to exist only in one's imagination now.

## K. C. HOPPER AND WIFE RETURN FROM VACATION SPENT ON MAINLAND

K. C. Hopper, editor of the Garden Island, accompanied by Mrs. Hopper, returned to their home in Lihue last Friday morning after a four months' vacation spent in touring the Pacific coast by automobile. Their travels in which they were accompanied by their daughter, Miss Thelma, took them over the greater portions of Oregon and California where they visited most of the national parks, lakes and watering places. They also attended the big round-up at Pendleton, Oregon.

Miss Thelma remained at Berkeley where she will enter the University of California to take up the study of journalism and commercial art.

## DR. HARADA MAKES SPEAKING TOUR, KAUAI

Dr. T. Harada, professor of Japanese language and history in the University of Hawaii, arrived on Kauai last Friday morning. Rev. Patrick Takahashi, pastor of the Lihue Japanese church met Prof. Harada at the landing, and after breakfasting and a short rest, conducted him on a short tour of calls upon the principal people of the community.

In the evening the leading Japanese of the Lihue district tendered a banquet at the Lihue hotel after which they adjourned to the Tip-Top Theater, where Prof. Harada delivered a lecture in Japanese on "Japanese nationality; Past and Future."

Sunday morning at the Lihue Japanese church, Prof. Harada delivered a sermon on "Trusting God." At 2:00 o'clock in the afternoon at the Tip-Top Theater he gave an interesting lecture on "Religious Reconstruction in Japan," the text of which is as follows:

Prof. Harada spoke at Wahiawa, Monday night. To night he will speak at Hanapepe, Wednesday night at Makaweli, Thursday night at Waiakoa and Friday night at Kekaha. He returns to Honolulu Friday night.

## JAPANESE MAN KILLED IN MILL

A Japanese mill man was instantly killed last Thursday morning at Kilauea when the loose end of his sweater got caught in a cog-wheel. He was drawn into the big cogs and crushed to death.

The coroner's inquest reported an accidental death.

## KAUAI CHAMBER HOLDS BANQUET

"For 'tis always fair weather  
When good fellows get together—"

In spite of a hard, driving but much needed rain, the annual banquet session of the Kauai Chamber of Commerce was held at the Waimea Hotel last Thursday night and was well attended. The rain didn't dampen the spirits of the diners in the least, although some of them came from Hanalei, a good fifty-mile drive.

Promptly at 7 o'clock, President Wishard ordered the dining room doors opened to the members. Two long tables were filled. Every plate was taken; every seat was filled; and there was no one without a seat. Every man who said that he would be present was there.

**New Members**  
In the business session that followed the banquet the following new members were elected: A. Braue, Frank Burns, R. H. Hagood, K. M. Ahana, Louis Souza, C. K. Fern, Charles Christian, H. S. Sheldon and H. Alexander.

After these members had been duly elected, T. Brandt of Waimea welcomed the chamber members from all over the island who had braved the storms to attend. "The Kauai Chamber of Commerce," he said, "stands for all Kauai. Boost the Chamber of Commerce and you boost Kauai."

Some discussion arose about the election of new members. In the past new-comers to the community, who it was thought would make good members of the chamber, have, at times, been proposed and elected without previously consulting them. Once or twice the men have stated that they would have preferred to have been consulted first, although in a large majority of such cases they gladly accepted membership and duties of the chamber. But it was unanimously decided that in the future no name would be proposed unless the man had previously been interviewed.

**Night Meetings**  
J. I. Silva, for many years the treasurer of the Chamber of Commerce, suggested that in the future all meetings be held on moonlight evenings and that one meeting each year be held in Waimea, one at Eleale, one at Koloa and one at Kapaa, all other meetings to be held at Lihue. This, he said, would permit many people who are unable to attend in the afternoons to be present and would more evenly equalize the distance traveled by the various members.

Mr. Silva's suggestion as to the places for meetings was not well taken, although the evening suggestion seemed good. F. S. Pugh of Eleale made a motion that in the future all meetings be held at night. Mr. Silva seconded this motion. H. D. Sloggett of Grove Farm amended the motion so that the president could call special meetings at any time and place he saw fit. Both the amendment and the motion passed unanimously.

Frank Crawford of Lihue made a motion that the next meeting be held Thursday night, February 23rd at the Lihue high school, accepting an invitation formerly made by that institution. C. B. Hofgaard seconded the motion and it was passed.

**Automobile Club**  
At this time, T. Brandt of Waimea stated that the president, H. D. Sloggett of the Kauai Automobile Club was present and that he would like to hear what the club was doing. Mr. Sloggett said that the club has been quietly working for several months to help make reckless drivers on the island be more careful. Many such drivers have been reported to the proper authorities who have promptly taken the necessary action to stop the carelessness.

**Vocational Training**  
E. H. W. Broadbent stated that he had several conversations with members of the American Legion about the new vocational training system that they were advocating for the public schools. He stated while he thinks vocational training is the proper thing for Hawaii, he is not sure that placing it, as advocated, in all the public schools is advisable or not. Combining the ordinary school course with the various lines of practical training is

## NEW YEAR'S RACES BEST THIS SEASON

Entries for the big racing program on New Year's are beginning to come in and on paper the card appears to be the best yet held on the island. Interest is centering around the mile and a quarter race for all, in which Termost will meet Bridgeplayer and Dinner Bell. Termost gave the Fernandez mare a great race last year with very little training and as the Princeville stallion has had the best of conditioning this year, many followers of the sport of kings, expect Termost to have the honor of being the first horse to defeat Bridgeplayer on Kauai.

Termost will meet Gold Bryan and Bridgeplayer in the mile, and this race is also expected to be one of the best of the day.

One of the best races of the season will be the three-eighths in which Sky Boy, Pegasus, Gold Bryan and Golden Spray will meet. These four horses are the best on Kauai for this distance and experts are stating that a blanket will cover all four horses at the finish.

There are so many horses training for the Japanese and Portuguese novice races at Waipouli that Jimmy Spalding has been forced to appoint Johnson as traffic cop to keep the track from being congested. Johnson has a busy time keeping the traffic from getting blocked when some Japanese jockey wants to run his horse the wrong way. Johnson says that Eddy Fountain has a cinch directing traffic at the Lihue corner on boat days compared with this job.

The complete program with the entries to date is as follows:

First race: 3-8 mile Hawaiian bred. First \$40; second \$10; entry \$5.  
Sky Boy-Tashima.  
Pegasus-Amorin.  
Gold Bryan-Fernandez.  
Golden Spray-Rikemaru.  
Second race: 1-4 mile. First \$150; second \$50; entry \$15.  
Bridgeplayer-Fernandez.  
Dinner Bell-Sakamoto.

## MASONS GIVE ANNUAL BANQUET

It was a delightful evening that was spent on Saturday evening, December 17th, at Waimea hall, on the occasion of Kauai Masonic Club's annual banquet, to which all Kauai Masons, their wives, sweethearts and mothers and daughters, had been invited to attend. and the Waimea Masons proved themselves capital hosts.

The banquet was furnished by the Waimea hotel and served at the hall by a bevy of appropriately clad ladies and girls of the Waimea schools. The hall had been decorated in a very befitting manner by the ladies of Waimea, by palms, ferns, banana trees and potted plants and flowers. Music was furnished by an Hawaiian orchestra.

The program was elaborate and was brought to a finish at about 11:30 o'clock, after which some time was spent in dancing.

Dr. R. H. Hagood was the toastmaster of the evening, and made a few preliminary remarks, calling on the several persons, enumerated on the program, for responses.

Dr. Glaisyer gave a reading entitled "The Mother Lodge" (from Kipling) in the form of a poem, and was very well received. C. B. Hofgaard gave a number during the evening; one a story, and another entitled "Masonic Sidelights," comparing the Masonic rites to matrimonial rites. It was quite humorous and was given applause by much laughter.

The reading, "Making a Mason," by Mrs. Pearl Bayless, brought forth gales of laughter.

One of the pleasing numbers of the program was a duet rendered by Messrs. Achi and Bayless—a selection from Schubert.

J. H. Coney gave three witty stories, and following this was a very fine reading by Miss Colbert, which was encored. Then Rev. Bayless was called for another number entitled "Masonic Drybones," but which were not so dry as the title would indicate.

Then followed a very pleasing vocal solo by Mrs. Rogers, a darkey jubilee melody, which was encored. This proved to be so taking that Mrs. Rogers responded with three numbers. Mrs. Bayless was the accompanist.

Another comical paper was given by Mrs. Wm. Rice Jr., entitled "The Boss Mason."

To close the program a very fine solo was rendered by Judge William Achi, and being encored, responded with his song "My Rosary."

All sang at the close, Aloha Oe, after which there was dancing.

## SPEEDING SCHOOL BOY CAUSES CRASH

Last Friday morning an accident occurred at Grove Farm that might have been serious. A Ford car, driven by Kiyoshi Tanaka, a student of the high school, and residing in Koloa ran into C. A. Nelson's Oakland touring car. Both cars were wrecked, but no one was seriously injured.

Mr. Nelson was driving out of Sam Carter's gate onto the main road, with Mrs. Carter and the Nelson children in the car. The Ford car coming along at a high rate of speed, struck the side of the Nelson car, turning it completely around. The Ford ran on and turned up the bank and into the fence by the side of the road.

As both cars were full of passengers it was a wonder that no one was hurt. The speeding Ford driver was handed into court Monday morning where Judge Wm. Achi, after giving him a severe lecture, put him on probation for six months. He will have to report to the judge every week and another offense of this kind will cost him his license.

## INMATES OF MAHELONA HOSPITAL TO ENJOY X-MAS

Through the kindness of many good friends of the Samuel Mahele Memorial hospital, the inmates of that institution will have an enjoyable Christmas with a tree, appropriate exercises, music and everything that goes to make the Yuletide a time of joy.

For several days past cars have been arriving at the hospital, depositing packages and bundles that are destined to make those hearts glad.

The Y. M. C. A. will send out an orchestra to make music for the occasion.

## For Bagasse Furnaces

Johns-Manville refractory cement Number 26 is the cement for use when re-setting the firebrick in bagasse furnaces.

Number 26 withstands temperatures up to 2,600 degree and is admirably suited to the duties it has to perform in this type of furnace. For oil burners the Johns-Manville No. 31 cement is needed for it is not affected by heat until 3,100 degrees Fahrenheit is reached.

Use of these cements practically guarantees no fire-box trouble next year. Orders should be placed immediately to insure prompt delivery.

A requisition from Mr. Brodie, principal of the Eleele school, for a patent toilet to be put in at a convenient place back of the teachers' cottage at Eleele, was granted upon the motion of Mr. Silva, seconded by Mr. Brandt.

The financial report for October last namely: treasurer, treasurer-auditor, and the joint report; those for November last, viz.: treasurer, treasurer-auditor, auditor's statement of appropriations and the joint report; also the auditor's quarterly report to September 30th, 1921; and the auditor's statement of the school fund to December 31st, 1921; and the financial reports (R 278) of the Samuel Mahelona Memorial hospital for the quarters ending June 30th and September 30th, 1921, respectively, were approved upon the advice of Mr. Brandt.

At 12:10 p. m., the meeting adjourned to meet again upon the call of the chair.

## School Notes

### WAIMEA SCHOOL

The freshmen honor students for the fall term are Katsue Yamamoto, Miyuki Yamase, Hatsune Morimoto, Shinichi Tanaka, Shizuko Goto and Kenwo Kenoshita.

Dr. Southwell reports 190 fillings, 22 extractions and seven cleanings, completed in the eighth grade. This practically completes the dental work for that class. Part of November the Doctor was confined to the hospital, otherwise the class would have been completed at Christmas.

The Iolani carried several Waimea teachers to Honolulu last Saturday. Miss Julia E. Fryer spent last week in the hospital as a result of an attack of acute indigestion.

The Christmas program of last Friday was a success. At the close of school each child was given a big red apple and a popcorn ball.

Waimea school extends to other Kauai schools the best wishes of the season.

### MAKAWELI SCHOOL

The Christmas program was well carried out and consisted of the following numbers:

Song: Christmas Carol—5, 6, 7, and 8 grades.

Welcome! Welcome! — Receiving Grade.

Ho, Ho, Vacation Days are Here —2-B Grade.

Jolly Old St. Nicholas—2-B Grade.

Little Santa Claus—1st Grade.  
Song: Santa Claus—1-B Grade.  
Christmas in Many Lands—6th Grade.

A Christmas Carol and Song—5th Grade.

The Christmas Stocking—7th Grade  
Jingle, Jingle, Tiny Bells—1-A Grade.

A Crazy Christmas Class—4-A Grade.

Jolly and Gay—3-B Grade.  
Christmas—3-AE Grade.

The Message of the Candles—3-A Grade.

The First Christmas; Christmas in the Heart—4-B Grade.

Holy Night—5, 6, 7, and 8 Grades.

The eighth grade of this year and those who were in Makaweli, of the classes of the past three years, were entertained by Mrs. C. A. Thompson, principal of the school, Friday night, December 16.

The fun began early and continued late. First, Miss Hill, one of the teachers, played and sang many pleasing and amusing songs, after which Mr. Fernandez and Miss Lind also teachers, began their games of magic and entertaining features.

The old Virginia Reel was also a feature of the evening, and someone remarked, "I wonder if George Washington wouldn't turn over in his grave in delight to see all the different kinds of people dancing his old native state dance, and they all young Americans at that."

Quite a number of the teachers of the Makaweli school are spending their vacation in Honolulu. These are Mrs. M. B. Hill and her niece, Miss Birchlie Hill; Miss Beatrice Lind, Miss Gladys Glissan, Miss Margaret Thompson and Miss Anna Scott.

We are all rejoicing that the contract has really been let for our new school building.

Miss Bernice Hundley, supervising principal of schools of Kauai, visited our school Monday, December 12th.

### NIGHT SCHOOL STUDENTS HAVE CHRISTMAS PARTY

Chaperoned by Mrs. E. F. Wood, Miss Clara Anthony and Miss Opal Colbert, the students of the Y. M. C. A. night school, had a delightful evening together Monday in the class rooms of the Lihue grammar school.

Drop the handkerchief, walking Spanish, are you there Casey? and other old favorites were played to the amusement and delight of all. Songs of a patriotic and Christmas nature were lustily caroled by happy voices in several different languages and dialects.

Bags of candy and apples of quantity ample to withstand all comebacks topped the evening's festivities. Three cheers for the teachers followed by the singing of "America," and cordial Happy Christmas reciprocated by all closed the enjoyable occasion with "Nothin' doin' 'til next year."

	P.	W.	L.	T.	Pts.
Lihue	5	2	0	3	7
McBryde	5	1	0	4	6
Makawell	5	1	2	2	4
Koloa	5	0	2	3	3

Lihue took the lead on the soccer league Sunday by defeating Koloa while Makawell was holding McBryde to a scoreless tie. Though the score was 3 to 0 in favor of Lihue, the game was not as one-sided as the score might indicate. Koloa put up a hard battle and was in the game all the time. Two of Lihue's goals were of the fluky variety, being made from corner kicks.

The first goal came about five minutes after play had started. Lihue got a corner kick and the wind caught the kick and carried it toward the goal. The Koloa goal keeper made an ineffectual attempt to stop it but just managed to touch the ball before it went through the goal.

Lihue scored about three minutes later in almost the same manner except that the goal keeper made a save, but the Lihue forwards brought the ball back and Kuhlman booted it through.

The third and last goal was made by straight football. Lihue forwards pressed the Koloa goal hard, Fernandez making a beautiful shot from a difficult angle.

No scoring was done by either team in the second half, although Koloa threatened several times, but excellent work by Fountain, Lovell and Christian prevented a score.

Sandy Hutton and Fernandez were the stars in the forward line for Lihue, and John Makaanani was the star halfback. Lihue halfbacks showed quite a bit of improvement over their work of last Sunday.

Waialeale, Caesar and David Lovell were the Koloa stars. Koloa is lacking in scoring ability as can be seen by the fact that they have only scored one goal in five games. Sunday they showed a tendency to try for the goal at too great a distance and not trying to carry the ball past the full backs. Their defensive work is good and they have plenty of speed both in their forwards and in their back field.

## Makawell O—McBryde 0

Makawell and McBryde battled for an hour without either team scoring a goal. The Makawell defense stiffened materially and the west-enders are going to be heard from, from now on. Both teams played hard football and both threatened their opponents goal several times. Marcellino turned the McBryde forwards back several times with wonderful saves. The McBryde defense was kept the busiest they have been this year by the Makawell forwards.

There will be no games in the league until January 8th, as it was decided to play no games on Christmas or New Years.

## WAIKOA MEN'S CLUB TO PUT ON SMOKER

The Waikoa Young Men's Athletic Club is putting on a big smoker at Waikoa, Saturday evening, January 7th. The program is a fine one and will consist of boxing, wrestling and fencing. An added attraction will be some tight rope walking by ladies and laddies of Waikoa school teams. This will be the first time that anything of this sort has been done on Kauai and is exciting great interest.

The proceeds will be divided equally between the club and the Waikoa School Athletic Association. The club is to be commended for helping out the school in their efforts to promote athletics.

Some of the best boxers on Kauai will take part and all the bouts are expected to be fast. There will be three 3-round preliminaries, one 4-round special event, and one 5-round main event. The boxing card will be announced later when the tryouts have been completed.

The wrestling is under the direction of N. Okinichi, president of the Japanese Wrestlers association. He has arranged a fine program, as he matched some of the best wrestlers on Kauai. The following matches are already arranged:

M. Yokoyaki vs. Aukai.  
Y. Harada vs. S. Yokotaki.  
A. Guchi vs. S. Nakano.  
S. Harada vs. Ishii.

The Japanese Fencing Club is handling the fencing bouts and to date have arranged three matches. Kadoishi will meet Kashiwada and N. Nasu will meet the winner.

The main event of the evening will be a big free for all, battle royal. This event is open to the first six men that enter the ring after the referee calls for contestants. The last man on his feet will receive the prize which will be \$25.

The program will start at 7 p. m. and special transportation in the way of trucks will bring the fans from all the neighboring camps and towns. The trucks will make the return trip after the show is over.

## MISS THOMPSON ENTERTAINS YOUNG FOLKS AT DANCE

Miss Carrie E. Thompson, principal of the Makawell public school, gave her annual social dance to the teachers and unmarried men of the plantation at her home on Saturday evening, Dec. 10th.

The music which was furnished by the newly organized jazz orchestra was of such excellent variety that it kept the dancing space filled throughout the evening.

During a recess between the dances, Miss Thompson pinned to the wall pictures representing the names of the guests present. To each picture was attached a number. Duplicate numbers were put on slips of paper which were scattered about the room, a limited time being allowed in which to find the numbers and write down the names represented by the picture carrying the number found. Miss Margaret Thompson and Mr. Beam were awarded prizes for handing in the largest number of names.

Shortly before 11 o'clock, refreshments of sherbert and cake were served. Those present were Misses Beatrice Lyon, Margaret Thompson, Hill, A. Fernandes, Nelson, Covert, Scott, McKay, Butts, Carrie E. Thompson, Mrs. Hill; Messrs Beecroft, Creevey Catton, Beam, Broadbent, Breckenridge, Harmon and Hofgaard.

## BRIDGE AND BIRTHDAY PARTY AT THE DAVIDSONS

Mr. and Mrs. W. P. Cannon and Mr. and Mrs. J. D. Davidson entertained in a joint bridge and birthday party on the evening of Saturday, December 3 at the Davidson home.

The event was in honor of Mr. Davidson's birthday.

The evening was spent most enjoyably at progressive bridge, the highest scores being made by Mrs. C. B. Hofgaard and Mrs. William Dunn, who were awarded suitable prizes.

After the prizes were awarded a light lunch of chocolate, sandwiches and cake were served. Those present were Mr. and Mrs. Cannon, Mr. and Mrs. J. D. Cannon, Mrs. G. Brodie, Mrs. C. B. Hofgaard, A. G. Clatterback of Waimea, Dr. and Mrs. Wm. Dunn, and D. C. Hofgaard of Makawell.

## DORMITORY HI-Y ENTERTAINED

The members of the Dormitory Hi-Y had the rare treat to a Christmas party given by Mr. and Mrs. Neil Locke at their home. The bad weather did not prevent the boys from going to the party. Mr. Rice's and going to the party. Mr. Rice's and boys to Mr. Locke's home. Mrs. Wilcox, Miss Johnson, Mrs. Rogers, Miss Lindsay and Mr. Bunnell, from Honolulu and his wife were among those who were invited.

The evening rallied off with the peanut contest. Four evenly matched teams were formed. In the heat of the contest somebody was so nervous and excited that it took him fifteen minutes to cross the floor and deposit the peanut in a pan which he was carrying on a knife. The contest was a very close one, but the team captained by Shinichi Nishimoto received the first honors. The prize was to be presented later in the evening.

The music of the night was furnished by the Dormitory Quartette composed of Jacob Maka, Antone Canara, Ernest Werner, and Francis Chong. They entertained the party with fine Hawaiian music. Mrs. Rogers' reading and solo were much admired by the audience and of much musical talent. Jacob Maka's solo in Hawaiian was very much appreciated by the hearers. At Christmas one must hear the same story over again of the birth of Christ. Shinichi Nishimoto gave a fascinating talk on that subject. A party is not good unless the hunger of the stomach is satisfied. Miss Lindsay, known as the domestic science teacher of the Kauai high school satisfied us to that effect. Ice cream and cake were served. Some of them ate so much that they can hardly move and their stomachs were not able to digest it properly and you know the result. The prize was presented to the captain of the winning team in the peanut contest by Mr. Locke.

The rest of the evening was spent in singing war hymns and listening to the Hawaiian music furnished by the dormitory quartet. The party closed by singing Aloha Oe. Everybody enjoyed the party and went home happy. We all appreciated the kindness and generosity that were shown by Mr. and Mrs. Locke. Merry Christmas and a Happy New Year to all.—Shinichi Nishimoto, Sec'y.

## MISS PRISCILLA CHARMAN ENTERTAINS AT CARDS

Miss Priscilla M. Charman of Waimea entertained at cards at her home last Wednesday evening. Those present were the Misses Beatrice and Rae Ako and Elsie Ching and Pua Wright; Messrs. Wm. H. Wright, Thos. Treadway, H. Newton, Thos. J. K. Evans, Clarence Olds and James Dunn.

will referee the boxing; Okinichi the wrestling, and Nasu the fencing. Bodell and Fern will be the judges of boxing and Frank Cox will act as timekeeper. Drs. Dunn and Tuttle will examine all contestants before entering the ring to insure that all are in good physical condition.

## Local Boy In Theatre Fire

The following is a letter written by Homer Lydgate, a freshman at Yale university, to his parents, Mr. and Mrs. J. M. Lydgate of Lihue, describing the recent terrible disaster at the Rialto Theater at New Haven, in which he narrowly escaped being a victim:

New Haven, Conn.,  
Nov. 27th, 1921.

Dear Home Folks:—I hope never to be in a more horrible and dangerous experience than I was just an hour ago. I'm here safe and sound but it is just by the grace of God and the merest accident.

Today, being my birthday, I thought I would celebrate by going to the picture show at the Rialto theater.

Sunday is a full night at the theater and these friends of mine wanted me to go with them early so that we could get good seats. I thought it was a good idea, but at the last moment I found that I had more studying to do than I had anticipated so we were a little late in starting.

However we got to the show in time to secure seats in about the fifth row from the back.

The picture was "The Sheik," and before the picture they had a tableau and song, depicting a harem scene with incense burning in a bowl.

After the tableau the curtain fell and the picture started.

In about five minutes I heard what sounded like escaping gas or steam and about two minutes later you could see a red glow behind the curtain. Somebody yelled "Fire!" and everybody made a jump and rushed for the door.

We were with quite a bunch of college fellows and we all yelled, "Take your time and sit down," and staid where we were.

The curtain was not asbestos and in a shorter time than it takes to tell it, the curtain caught on fire and sent a blast of flame over the ceiling and instantly the roof caught fire.

Not ten per cent of the people were out of the place and it was so hot it sizzled your hair. When we saw that we couldn't do anything we jumped over the backs of our seats and instead of joining the mob in the aisle which was crushing itself, walked out over the rows of seats. By the time we got to the door the people were coming down from the gallery, and the passage was blocked. I was carried along with the rush of people, unable to do a thing.

When we came to the door it was almost blocked by women who had been knocked unconscious and others who had fallen and the mob had passed right over them.

Nobody could do a thing but we were just pushed over those helpless women. As soon as we got out we cleaned the door of the women, some of whom were nearly dead.

Later, the next morning, I am sending you a clipping from the morning paper which gives a fairly accurate account without all the horrible details. Have just found out that Douglas Cooke, son of the late J. B. Cooke, of Honolulu, was badly, though not seriously burned.

Had I been able to have gone earlier with the other fellows and have a seat near the front, I might have been seriously burned or even killed. So thank God for small favors.

One of the most accurate versions of the fire is given by Miss Madeline Gardner of Chapel street who sat in the third row on the ground floor, and was able through her own efforts to get out of the theater by the way of the first exit on the left-hand side of the theater which leads into the courtyard facing Crown street.

Miss Gardner said last night, in speaking of her escape: "It is a miracle that anyone reached safety. The fire on the stage must have been going on for at least twenty minutes before it burst out in a manner so the audience could tell what was happening. When the fire broke out it was about 7:15 o'clock.

"For twenty minutes before that time I had been smelling what seemed to me like burning cloth, but so much incense was being burned on the stage and back of it that it was almost impossible to distinguish the smell of smoke from the incense. If the incense had not been burning the people would have been warned and would have gotten out in time.

"The picture of the desert was being shown and sand was rising in the picture so that the haze which spread before it was supposed by the audience to simulate the wind storm in the desert.

"It rose above and around the picture and mingled with the burning on the stage.

"However, it soon became evident

to me that something was wrong for even behind the screen giant flames could be seen shooting up which at first appeared like the coloring in the picture. The audience probably thought it was, for every effort stimulate realism was made, efforts which resulted in the tragic end of so many.

"As soon as I thought the flames too realistic I moved to get out. By that time the others around me had the same instinct to leave, and my sister and I made for the exit at the left which had been opened by some of the men. The exits on the top floor and the ones on the left, I could plainly see could not be opened, or there was so much delay, it appeared, as those who tried to open them, found them tightly closed, for they began to run thither and thither.

"The piano player down in the pit, could not see the flames, which now began to rise over the top of the curtain. Some one shouted to him to get out, but he was still reluctant not knowing what was the trouble.

"The students around and about me were a credit to the city and university they represented. They called to the women and calmed them, and made every effort to get them out through the only exit open at the time. Even then there appeared to be no officer of the theater around.

"No one was there to direct the terror stricken occupants. If there was a curtain of asbestos on the stage as required by law, no one knew it was there, nor was any attempt made to pull it down. No one seemed to be behind the stage. It would have been of no use to have pulled the curtain down anyway for the flames licked their way through and the front became a mass of flames before I reached the courtyard. The scenes were heart-rending, and I shall never forget them.

"Women hung over the ballustrades or were flung there by men as they fought their way out. It is surprising that any women were saved, for outside of the students the men acted shamefully, pushing their way irrespective of the women. Glass was broken in the attempts of spectators to reach the street and everyone in the balcony seemed in a mad rush to get out. Even after I had reached the courtyard and before the fire apparatus came in on the scene people were rushing out of the theater with heads and hair aflame. One had her hair burning and did not know it as she ran wildly around. Fewer people were burned around me than in the balcony for the flames seemed to shoot over the tops of the people on the first floor.

"The point that should be made is that no operative of the house was anywhere in sight, that students did the most valiant work of their career in calming the crowds.

"At first no one shouted fire, and even before I left I heard nothing but cries from the students to keep calm.

"The students beyond all question, saved many lives by their heroic work and good judgment in calming the frantic people and helping them to escape from the flames."

## BUICK RETAINS ENVIABLE POSITION IN AUTOMOBILE WORLD

In the automobile world, Buick several years ago attained the enviable position of leadership, evidenced by the fact that it was awarded first choice of space at the national automobile shows, an honor conferred upon Buick by all other automobile manufacturers who are members of the National Automobile Chamber of Commerce, in recognition of the fact that Buick had done the greatest volume of business during the previous year.

As each year has rolled around, Buick has been in the lead. Not only for a short period does it lead all others but year after year its business constantly increases, with the result that the Buick exhibit will be found this year occupying the same space at the shows it has occupied for the past few years.

It is significant to note that the figures on bgtmfamftmfamftmfamff figures on which the award for the 1922 shows were made comprised only the sales of six cylinder cars, proving Buick to be the largest builder of 6-cylinder cars in the world.

## COMMUNITY CHRISTMAS

The real spirit of Christmas, often entirely overlooked in the hilarious observation of the holidays, will be much in evidence at the Community Christmas program to be given in the armory in Lihue the night of December 26th. All nationalities are taking part. Absolutely everyone is invited. Certainly there could be no better evidence of "Peace on earth, good will to men," than this.

The beautiful story of the Christ child will be sung by little children. People of all ages and races will do their part.

Such undertakings cannot be praised too highly. Everyone in the district should attend this beautiful celebration and by his presence make the program a great success.

## VOCATIONAL TRAINING

The Department of Public Instruction is giving vocational training a try-out in one school on each island. Kapaa is the place selected on Kauai.

Hawaii needs vocational training. Her children do not get the training they need. In the past they have not been fitted, as they should have been, for life's work right here in sugar, pineapple, coffee raising Hawaii.

Whether this training will be best given in our public grade schools or not is a question. But it is being given a trial and every fair-minded man and woman is going to watch the experiment with interest. We hope it succeeds.

## SEVEN GOOD WAYS

For the benefit of Kauai people who want to help the editor and don't know how, we are submitting the following seven good ways:

First of all, give him the news, he wants it. Give it to him, even though sometimes it does not get into the paper. He hasn't time always to tell you why some pieces of news are not used; but ten to one he has a perfectly good and impersonal reason. Give him the news, even though you may not be especially interested in it. Some folks never think to give the editor news except when they are concerned in it one way or another.

Second, don't give him a piece of news and tell him you want it printed just as it is written. There's a right and wrong way to do even such a simple thing as writing an article for a country paper. One editor had to leave town because he printed every piece of news just as it was handed in—spelling, punctuation and all—and printed it with the name of the person who gave it to him.

Third, don't try to play a joke through the paper unless you explain it to the editor. A thing in cold type looks a lot different and sounds different from a thing repeated by word of mouth, when the voice, a facial expression and a gesture, perhaps, help to show its meaning.

Fourth, don't worry for fear the editor is making too much money; you should want him to be prosperous. He can and will give you a better paper. He will be less likely to have to compromise with his conscience over certain kinds of advertising. And, anyhow, he can't make a big fortune out of his paper—he will be lucky if he keeps going.

Fifth, be ready to tell your editor when something in the paper pleases you. Once in a while you tell your preacher he has a good sermon, so tell the editor something about his paper.

Sixth, get your "copy" to him early. Take it to him for the next week day after the previous publication, if you can. It takes time to set type and make a paper. Did you ever wonder what the editor did all the time between publication days? You would know if you were publishing a newspaper yourself.

Lastly, go in some day when the paper is being printed. Go in several times during the day and you will have more of a realization of what a job it is to make a weekly paper.

## AMERICA MAGNANIMOUS

Old-time diplomacy received an awful shock when the American plan for limitation of armament was sprung upon the delegates to the Washington conference. Never before in the history of modern diplomacy was there ever a question of such vital importance to the world introduced so abruptly and so lucidly as was this plan for reduction of armament. Never before has any nation offered to scrap 50 per cent more of its fleet than the other powers were asked to dispose of. Never before has any nation displayed such unselfish motives as has the United States in its magnanimous proposal to reduce its navy to a

mere fraction of what it is or what it was designed to be.

Previous conferences of representatives of European nations have accomplished little or nothing for the reason that all diplomatic action has been upon the line of scrapping the other fellow's armament and selfishly preserving the armament of one's own nation. All have stood in fear of each other. None have considered the proposition in the light of mutual and simultaneous action, and none have dared to take the first step, because they have failed to understand that what was good for one was good for all, and even if they did comprehend the essential features of this basic principle of international peace and harmony, national jealousy prevented them from acting upon it.

The United States is big enough and strong enough to stand alone, realizing that it is the least liable to attack, and that it can afford to take the great chance in assuring the safety of the world by removing the menace of militarism, without which there would be no war.

Without armies or navies no nation would go to war; and if there were no military or naval organizations there would necessarily be peace in the world; for the nations would then find some other means than big guns, trained soldiery and ships of war to settle their differences. There would be no flying at each other's throats or attempts of extermination of a fancied enemy. There would instead be an appeal to an international court, where more or less protracted deliberation would reveal the fact that there was no real cause for the spilling of blood or encroachment upon the territory of another.

The delegates of the great powers have come to the Washington conference in a magnanimous spirit, seeking for light, with a frankness and honesty never before visualized in an international conference.

The result of this meeting of the world delegates may be the conversion of the world's armaments into agricultural implements and machinery that will lighten the burdens of mankind, increase the wealth of nations and bring peace and happiness where for centuries the clarion of war has sent its dread challenge to the hearts of men, calling them from peaceful occupations to scenes of blood and carnage.

The lessons of the great war should be sufficient to teach the world that there is a better way to adjust the affairs of nations than to kill, burn, and destroy.

We may call it limitation of armament if we will; but the ultimate objective is world peace and total disarmament, and once the nations have concentrated their ideas upon this objective they will surely find means to achieve the desired end.

Militarism is doomed, and the proposition of Mr. Hughes, in which he voiced the sentiment of a great majority of the American people, is the entering wedge that will ultimately rend the "Gordian Knot" of militarism and permit peace to reign throughout the world.

## HELPS TO DAILY LIVING

Monday—Going to tell the truth, and be good-natured all day, and when night comes, thank God that I have been able to work, and am not a cripple nor an invalid.

Tuesday—Plan to skip some stuff the papers that is not worth knowing, and find and take time to read or learn some good thing I can quote to a friend.

Wednesday—Going to take time to tell my (wife) (husband) how much I love (her) (him) and forget that I ever said anything else. (All day program.) Afternoon or evening, going to see some old friends.

Thursday—Plan to begin being so careful in my conversation that I shall have to read the bible more, to work up a vocabulary.

Friday—Have to do a little more praying, if I am going to do a little more living. It is a bigger business than I reckoned.

Saturday—Have had a fine week. Didn't know life was such fun. Hope I can thank the Father before I go to sleep, that I have not purposely wronged anyone. Going to church tomorrow. Planning to go to bed early, so as to give the preacher a good chance at a rested mind and body.—Charles M. Sheldon; The Business Philosopher.

## Hawaiian Sugar Company Draws A One Dollar Fine

In the case of Ishii Tsuru against the Hawaiian Sugar Co., which was completed in the Fifth Circuit court last Wednesday, the plaintiff was awarded one dollar damages. The case was of more than the usual interest because it had been tried twice before. In the first trial the jury decided in favor of the defendants. The Supreme court reversed the ruling and sent the case back to Lihue for a new trial.

Ishii Tsuru, the plaintiff, became involved in some financial difficulties, due to her misappropriation of some tanimoshi funds entrusted to her, and shipped out for Honolulu in August 1919. She left secretly and the impression was gained in Makaweli that she was not coming back.

Soon after she left, inhabitants of the camp, where she had lived began pillaging her house, the plantation moved her goods to the warehouse for protection.

Soon after the goods were put in the warehouse a number of Japanese went to Mr. Hayashi, manager of the Japanese department of the store, and told him that the woman had left for good and that they would like to buy her goods. Mr. Hayashi referred the matter to Mr. Bayer, who consented to the arrangement.

About a week after the goods were sold the owner suddenly reappeared in Makaweli. The plantation hearing that, ordered her goods recovered. The money was refunded to the purchasers.

The woman brought suit against the sugar company for \$5000 damages. A Kauilua represented her. When the case was first brought up Judge Lyle Dickey presided in the Circuit court. He was disqualified because he was a stockholder in the company. Judge Cornell Franklin was sent from Honolulu to preside. In the retrial, Judge Wm. C. Achi Jr., presided. The defendants were represented by Louis A. Warren of Honolulu.

## Kilauea to Have Real Cabaret New Years Eve

Kilauea is planning a real dinner cabaret for New Year's Eve. There will be music galore. A jazz band has been secured for the night. And to relieve the jazz band and to give variety to the dancing program that follows the cabaret entertainment, a Hawaiian orchestra will also be in evidence.

At 7:30 the dinner will start in the Kilauea hall. Due to the limited space only one hundred guests can be accommodated for the dinner. Many more are expected for the dance and the program that will follow however.

There is not going to be a dull moment all evening. Between the dinner courses there will be a number of novelty acts and dancing. A wonderful chorus has been worked up with Madame Laura D. Larsen as the leading lady. She will be well supported by bevy of beautiful chorus belles consisting of Misses Juan Scotia Pratt, Claudia White, Rena Montrose, Medicia Patterson, Homera Tracy and one unknown star who is keeping her identity unknown until the great evening.

So striking is the chorus and such a hit does it invariably make that more than one leading lady is required to act at various times. Madame Alsopatty Smith will star in this chorus later in the evening.

The program is to be varied. A colorful Spanish dance is to be given by Signorita Larsen. An exhibition of ball room dancing in its latest developments is to be given by Vernon Robert and Irene Grace Mahjkoa. Madame Curry has promised to give a radium dance. Real geisha girls and sword dancers will do their part in making the program a success.

Yes, it looks like one large night at Kilauea. If that doorkeeper does not get tramped to death in the mad rush to get in, we'll miss our guess.

## BANQUET SESSION OF KAUAI CHAMBER HELD AT WAIMEA

(Continued from Page One)

liable to give a child only a smattering of all the lines and to make him good at none, he thinks. There is little doubt but that the idea, if put into practice, will be expensive too. Mr. Broadbent thought that vocational schools to which a boy or girl could go after he or she had finished the eighth grade would be more practical.

F. S. Pugh, vocational instructor for Kauai, replied that the idea is to make the present system of education more efficient, not to make it more expensive. He said that the present system merely prepares for high school and college, and most of the boys and girls do not go to college. The vocational training, he thinks, will make the boys and girls better citizens for Hawaii. The first trial of it on Kauai is to be given at Kapaa. The rudiments and elements of our basic industries will be taught. The seventh and eighth grade pupils will be instructed along special lines. The best text-books obtainable will be used.

Several members, namely Dr. Dunn, Judge Hofgaard, and Mr. Clapper, were of the opinion that some sort of apprentice system, backed by the Sugar Planters' association, of training carpenters, mechanics, etc., would be more effective than anything tried thus far.

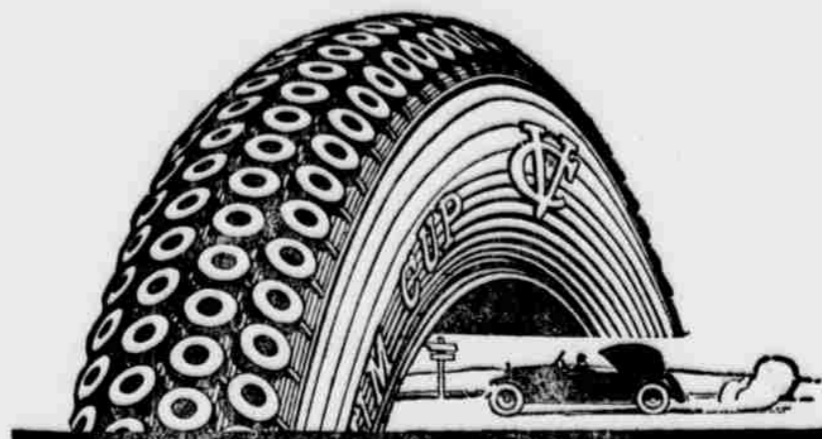

## A Thrift Campaign

H. D. Sloggett, of Lihue, mentioned the fact that Neil Locke, Y. M. C. A. secretary for Kauai, wishes to start a thrift campaign on the island. Mr. Sloggett showed the advantages of such a campaign and suggested that the chamber appoint a committee to work with Mr. Locke on this campaign.

A. Menefoglio, of Hanalei, kokuaed the idea. He said that he had been boosting such a campaign in his district for several years and that a number of the Hawaiians had started savings accounts. He can already see beneficial results from the work started.

T. Brandt of the Bishop Bank endorsed the idea also. He stated that this month the Bishop Bank distributed between five and six thousand dollars that Christmas Club saving members had deposited in pennies, nickels, dimes, and quarters. He offered the advertising space of the bank in the Garden Island to further cause.

E. H. W. Broadbent made a motion that the Kauai Chamber of Commerce endorse the thrift campaign and that a committee of three be appointed by the president to work with Mr. Locke. Seconded by Mr. Silva. Passed. The chair appointed H. D. Sloggett, A. Menefoglio and T. Brandt as members of the committee.

## People Buy Cord Tires Because They're Economical

Most of our customers who use Goodyear Cord Tires, buy them for one reason—because they are economical.

Some car owners entertain the mistaken idea that Cord tires are an extravagance. Nothing could be further from the truth. Their longer mileage and other advantages, more than justify their slightly higher first cost.

The reason why you, too, should equip your car with Goodyear Cord tires is found in the following facts:

- |                      |                         |
|----------------------|-------------------------|
| Freedom from trouble | Saving of gasoline      |
| Improved appearance  | Lessening of vibration  |
| Ease of riding       | Slower car depreciation |

And the all-round comfort, economy, and security they give. If these advantages appeal to you, let us equip your car with Goodyear Cords.

## WAILUA DISTRICT ORGANIZE 'Y' CLUB

Prior to the special meeting of the Wailua Harvesting Association held on Sunday afternoon at the Wailua school house, Nell Locke, secretary of the Y. M. C. A., on this island, briefly addressed the members in regard to forming an organization to promote the social and physical welfare of the community and the benefits that can be derived from such an organization. He also spoke of the correspondence school that is being conducted by the Y. M. C. A.

The farmers, believing in the old adage, "Strike while the iron is hot," started right in to form the club, electing the following as officers:—M. G. Santos, president; Yutaka Hamamoto, vice president; Kion Soong, secretary; Howard Young, treasurer. Present at the meeting were Ralph Alexander, Hong Lum, Cheong Hoon, Wong, Afat Ching, Kingi Adachi, Tai Bun Hee, Maximo Castillo, Manuel Barrette, Antone Vilela, Shigeru Ozaki, Seichi Ozaki, Ching Bun, Young Lum, Juan Gomes, Fred Santos, Fred Mendes, and Judge C. S. Dole, besides the officers. Ben Palmura and Edward Lin were the only absentees, they being away from the island at present, but they no doubt will be members upon their return.

Although the nucleus of the club is formed chiefly of the Wailua homesteaders young men of the surrounding vicinity are cordially invited to join and be present at the next meeting, which will be held on the evening of January 4th, 1922.—Kion Soong, Secretary.

## Kekaha Land Lease Fixed. Total \$100,000

Announcement has been made by Charles T. Bailey, commissioner of public lands, that the lease of sugar and other lands of Kekaha and the outright sale of the mill and camp sites will be advertised for sale at public auction, beginning about the first of the year. This means that the sale will be held early in February.

In speaking of the forthcoming sale, Mr. Bailey gave the following information to the Star-Bulletin:

Application for the re-lease of the Kekaha lands was made recently by the Kekaha Sugar Company, through American Factors Ltd., agents. Thirty per cent of the proceeds of the lease will be devoted to finance the Hawaiian rehabilitation project. The lease will run for 15 years.

The rental for the sugar lands will be figured on a percentage basis, beginning with 7 1/2 per cent of the gross proceeds received annually by the lessee from the sale of the sugar. The minimum rental during any one year, however, will not be less than \$100,000. If, in any case, the 7 1/2 per cent return falls below \$100,000, the difference up to \$100,000 will be made up by the lessee.

This percentage applies up to the point where the lessee receives six cents a pound for sugar, or \$120 a ton, based upon the actual receipts. Whenever the gross proceeds exceed six cents a pound, the territory will receive 20 per cent of the excess in addition to the 7 1/2 per cent on \$120 a ton. Under present conditions, says Bailey, and, say, during 1922, providing existing conditions continue, the government will realize probably not more than the minimum rental, or \$100,000.

The lease will be so arranged that the lessee can expand and take in land that is not now under cultivation. In order to encourage the lessee to spend money on land development, the lessee will be given the right to harvest one plant and one ratoon crop from any such new land, rent free. After harvesting these crops, the territory will receive from this new land the same rental as from the rest of the acreage.

All rentals received by the government will be for both land and water. Provision will be made for the further development of the present water system either by the lessee or by a separate water company.

## ARMITAGE PLEASSED WITH TOURIST OUTLOOK ON KAUAI

George T. Armitage, secretary of the Hawaiian Tourist Bureau, returned to Honolulu last Saturday after a short official visit to this island.

In speaking of his visit to the Star-Bulletin, Mr. Armitage said: "The people of Kauai are certainly taking more interest in the tourist business. 'I never go to Kauai,' he continued, 'without feeling sorry for any visitors who come down here and fail to see that beautiful spot. Of course all the islands have their

own peculiar charms but there is something about Kauai that makes you think continually of a great garden."

Everywhere he went on Kauai Armitage says he heard enthusiastic expressions regarding the possibilities of tourist traffic, especially among those interested in hotels, transportation and retail stores. He conferred with Sheriff Wm. H. Rice, Kauai representative of the Hawaii Tourist Bureau, relative to making some of that island's attractions more accessible and as a result steps will be taken immediately to clear out the old Russian fort near Waimea. If permission is obtained from the owners.

The proposition of the Kauai Chamber of Commerce subscribing sufficient funds to be Hawaiian tourist bureau to purchase motion picture films to be shown on passenger liners en route to Honolulu from the coast was also discussed informally with several members and was received with considerable favor.

As concrete evidence of Kauai's interest in publicity, Mrs. Albert Wilcox is seeing to it that the island will be represented at the Hawaiian products dinner in Seattle next month by donating a sack of fine island-grown peanuts.

Besides inspecting the old Russian fort, which he declares is surprisingly well preserved and accessible, Armitage went to the dry cave at Haena, past beautiful Hanalei bay and beach, drove to the lower Wailua falls, one of the prettiest in the islands, and on the other side he saw the barking sands of Nohili, the spouting horn and Lawa beach near Koloa and the famous pine drive of the Kipu plantation at Huleia.

All of these attractions, combined with the canyons at Waimea, Olokele and Hanapepe, which I had previously visited, and joined with a delightful climate and hospitable people who are anxious for visitors to see their well-groomed estates, will make Kauai an objective point for many more of our visitors, especially when passenger ships instead of discharging their passengers in small boats may tie up at wharfs now nearing completion," Armitage concluded.

## RURAL EDUCATION AND THE SHORTAGE IN FARM LABOR

The present shortage of farm labor and the new project method of teaching may work together to bring about some important changes in the rural schools. A discussion is going on in Ohio that will interest all other sections of the country. Prof. C. S. VanDeusen of the Kent State Normal college has proposed two plans for doing away with a one-room school—where a teacher is required to teach eight grades during a given day or week—without constructing new buildings. The first of these is to accomplish the desired result through the co-operation of schools in pairs. One school may take only children of the four lower grades, and the neighboring school only children of the four upper grades. The second plan involves only one district. It is to give intense schooling to the children of the first four grades during the six months which include the summer, and home directed work the other six months. For the four upper grades the periods would be reversed, thus releasing the upper grade children for farm work when they are most needed. As part of the home-directed work, or possibly in place of it, the upper grade pupils might be required to spend their Saturdays at the school building, the forenoons being devoted to class work and the afternoon to athletics, social activities, etc.

Co-operation between the consolidated rural and city high schools has been suggested by Prof. Van Deusen to bring about similar results with high school students in certain communities. It is proposed that the city high school carry on its usual

four year course of nine months' school a year, and that all students in the consolidated high school desiring to pursue such a course be transferred to the city high school. The consolidated high school would give a 5-year course of six months' schooling with directed home work during the other six months. If this plan were adopted it is believed that some pupils would be transferred both ways—perhaps the larger number to the consolidated rural high school.

Dean Vivian, president of the Ohio State Board of Education, has stated that he is satisfied that a six months' high school course with directed home projects would best fit the needs of the country boy and girl. With the right kind of teachers in the schools he believes the pupils would cover as much ground by such a scheme as they do now in the nine months' attendance at the school-house.

The principal difficulty in the plan seems to be one of getting state school officials in the right frame of mind to recognize such a six-months' school as a first grade high school. It may be another case of being so bound by tradition and formalities that equivalent values cannot be recognized.

Everybody will agree to the fact that the service of the boys is greatly needed on the farms at the present time, and is likely to be every year. Educators who believe in mixing real work and real study in the education of young folks see at once in this plan an opportunity for solid and effective educational work if properly organized and administered. The "old-timer" who constantly harks back to his boyhood days when boys had to work, and were "lucky if they got six months' schooling" may perhaps be justified in the illusion that the wheels of time are turning backward. And the man who believes that farm life in the future is going to call for the best in a man, and his wife also that it is going to be more interesting and financially more profitable than life in the city, will look upon this proposed new education for the farmer (for such a change would be sufficiently revolutionary to be called "new" in many communities) as a means of holding boys and girls to the rural life instead of being a means of diverting them to the cities.
