NA MOKUPUʻI O OAHU - LIFE ZONES

The Na Mokupuʻi O Oahu - Life Zones (M6) brochure is an educational tool that highlights the diverse life zones found on Oahu, Hawaii. It provides information on various ecosystems, including wetlands, forests, and marine habitats, and discusses the importance of these zones for native plants and wildlife. The brochure also includes a map of Oahu's life zones, showing different colored areas to represent different types of ecosystems. It is useful for understanding the ecological diversity and the need for conservation efforts to protect these natural habitats.
